**Main Residency MATCH Results**

Match Day is an important day for each graduating medical student. It also serves as a focus of celebration for each medical school. Across the United States, medical students simultaneously learn of the locations of the residency programs in which they will continue the next phase of their medical training. Although this year, we cannot aggregate for our Match Day celebration as in the past, we are extremely proud of our students’ successes in securing excellent residency positions. Our students’ successes reflect years of hard work on their part and also speak to the quality of the educational training provided to them here in the College of Medicine at the University of South Alabama.
