

CURRICULUM VITAE

JAMES MERRITT DOWNEY

BRIEF CHRONOLOGY OF TRAINING AND EMPLOYMENT:

1967 Bachelor of Science in Biology from Manchester College , North Manchester , Indiana .
1969 Masters of Science in Physiology from University of Illinois , Urbana , Illinois .
1970 Research Assistant, Marine Biological Laboratory, Woods Hole, Mass. (Summer).
1971 Doctor of Philosophy, University of Illinois , Urbana , Illinois .
1971-1972 Research Fellow, Peter Bent Brigham Hospital, Boston, Mass. - Harvard Medical School
1972-1975 Assistant Professor, Department of Physiology, University of South Florida, College of Medicine.
1975 Visiting Assistant Professor of Physiology, Southwestern Medical School , Dallas , Texas .
1975-1980 Associate Professor, Department of Physiology, University of South Alabama, Mobile, Alabama
1980-present Full Professor, Department of Physiology, University of South Alabama, Mobile, Alabama
1981 - 1988 Visiting Scientist, The Rayne Institute, St. Thomas' Hospital, London.
1988 - 1993 Honorary Senior Lecturer, Dept of Biochemistry, United Medical and Dental Schools of Guy's and St. Thomas ' Hospitals, London , England
2013 - Professor Emeritus, Department of Physiology, University of South Alabama, Mobile, Alabama

HONORS

Elected to Circulation Group Am. Physiological Society (1979)
Fellow American Heart Association (Fellow of the former Circulation Council, 1985)
Fellow of the International Society for Heart Research (2001).
Honorary Professor, North China Coal Medical University, Tangshan, China (2006).
Doctor Honoris Causa (DHC), National and Kapodistrian University of Athens, Athens Greece (2006).
Winner ISHR Peter Harris Award, 2010 World Congress, Kyoto Japan

PROFESSIONAL SOCIETIES:

American Physiological Society, American Heart Association, Basic Cardiovascular Sciences Council
American Physiological Society, Circulation Section
International Society for Heart Research (President 2001-2004),

MILITARY SERVICE: U.S. Army Reservist, Honorably Discharged, 1970.

ADDRESS:

James M. Downey, PhD
MSB 3074,
University of South Alabama,
Mobile, AL 36688

RESEARCH SUPPORT PAST AND PRESENT

Florida Heart Association, "Determinants of Coronary Blood Flow", July 1973 - June 1974,
Burroughs Wellcome Research Laboratories, "Effects of BW 70-129 during Myocardial Ischemia", January 1973 -
September 1974, \$5,000.
American Heart Association, "Determinants of Coronary Blood Flow", July 1974 - June 1977, \$42,570.
American Heart Association, "The Extravascular Coronary Resistance", July 1977 - June 1979, \$44,440.
NIH "Physical Factors and Coronary Flow" HL20648 July 1978 - June 1982 (35% effort)
American Heart Association, "Ba⁺⁺ Contracture in the Whole Heart", 1982 -1985,
Burroughs Wellcome Co., "The Effect of Oxypurinol on Infarct Size in the Dog", 1985, \$8,320.
Tanabe Pharmaceutical Co. (Japan), Diltiazem and Infarct Size, 1985,\$7,000.
Sapporo Medical College (Subcontract), "The Direct Metabolic Effect of Dobutamine on Myocardial Infarct Size
in the Dog", Jan 1986, \$6,754
Ayerst Pharmaceutical Co., "The Effect of Cetamolol Administration on Infarct Size following Permanent
Coronary Occlusion in Closed Chest Dogs", Aug 1983, \$8,000
NIH Heart Lung and Blood Institute, "Coronary Collateral Function", PI: Michael Cohen, Apr-Jun 1987, \$7,500
Pharmacia AB, "Is the Effect of SOD Only to Delay Necrosis in Reperfused Rabbit Myocardium?", Apr 1987,
\$10,160
Burroughs Wellcome Co., "Intravenous Allopurinol Versus Oxypurinol in a Reperfusion Protocol in the
Scavenging of Myocardial Muscle in Ischemia", May 1985, \$12,705
Upjohn Co., "The Effect of Early and Late Administration of Ibuprofen on Myocardial Infarct Size in a Model of
Ischemia-Reperfusion in the Rabbit, Aug 1986, \$2,400
Pharmacia AB, "Human Superoxide Dismutase, its effect in infarcting rabbit heart", January, 1988, \$42,982.
Hoffman LaRoche, "Intracellular Anti-oxidants in infarcting rabbit myocardium", December 1988, \$21,000
Marion Laboratories "effect of a new antioxidant on infarct size in the rabbit heart" August, 1989, \$4400
NIH, "Anti infarct effects in the denervated heart", PI: Carl Jones, Texas College of Osteopathic Medicine,
Subcontract to USA, 1991 -1994, \$131,835.
Alabama Heart Assn., "Mechanism of A1 induced cardioprotection", \$24,990, 1991-1992.
Gensia Pharmaceuticals Inc. Pretreatment with AICAR and the temporal threshold for preconditioning \$2750,
April 1991
Sandoz Pharmaceuticals, Geneva: Cardioprotective effects of a new A1-selective compound, WAG. \$10,000.
September 1992
NIH "Catechols and Adenosine in Myocardial Preconditioning" HL50688 Michael V. Cohen PI \$351,510 (5%
effort for JMD) Sept 93 - Aug 96
NIH "Physical Factors and Coronary Flow" HL20648 July 1994 - June 1999, \$527,000 direct costs. (35% effort)
Gensia Pharmaceuticals Inc. Protection of the ischemic heart with A3-based compounds . \$200,000 April 1993-
March 1995 (10% effort)
Chugai Pharmaceuticals, Tokyo Japan, "Cardioprotective effects of nicorandil" Jan-Dec 1995, \$10,000
NIH "Catechols and Adenosine in Myocardial Preconditioning" HL50688 Michael V. Cohen PI \$135,000/year
direct costs (5% effort for JMD) Sept 97 - Aug 2001 This grant is in its 5th year
NIH "Physical Factors and Coronary Flow" HL20648 July 1999 - June 2003, \$740,122 direct costs. (35% effort)
Rhone-Poulenc Rorer "AMP579 in myocardial infarction in the rabbit" 1999, \$5000

Bheringer Ingleheim "p38 MAPK inhibitors in Rabbit models of myocardial infarction" 1999, \$5000
Aventis "AMP579 in myocardial infarction" 2001, \$75,000
NIH "Physical Factors and Coronary Flow" HL20648 July 2003 - June 2007, \$175,000 /year direct costs. (35% effort)
NIH "Physical Factors and Coronary Flow" HL20648 April 2007 - Jan 2014. \$201,600/year direct costs (35% effort). **This grant enjoyed 32 years of funding.**
The Medicines Company. "Cangrelor and Cardioprotection" May 2014-Dec 2014. Sub contract to U South Alabama \$77,200 direct costs (20% effort).

EDITORIAL BOARD MEMBERSHIP:

Circulation Research, 1978 - 1983, 1994 - 2012
Basic Research in Cardiology 1995-present
J. Molecular and Cellular Cardiology, 1986-present
Cardiovascular Pharmacology and Therapeutics 2009-present
Cardiovascular Pharmacology 2001 - 2004
American Journal of Physiology, 1987 - 1993
Cardiovascular Research, 1991-1998
Guest Editor: Focused Issue on the Protective Effects of Adenosine. Cardiovascular Research Vol 27: No 1, 1993
Guest Editor: Focused Issue: Spotlight in preconditioning. Cardiovascular Research Vol 55, No3, 2002
Andromeda Interactive: Multimedia interactive lectures in cardiac physiology on CD ROM. 1995-1998
Merk Cardiovascular: Nicorandil in angina pectoris. An educational CD ROM 2001

MEDICAL SCHOOL COMMITTEES

Admissions Committee (2 years).
Admissions: Ad Hoc Interviewer
Curriculum Committee (6 years)
Patent Committee (2 years)
Ethics Committee
Faculty Promotions (5 years)
Research Committee (3 years)
Director Summer Research Program (1 year)
Executive Committee, Graduate Program (2 years)
MD-PhD graduate Committee (1 year)
Institutional Review Board (2 year)
Graduate School Accreditation Self-Study Panel (1 year)
Radiation safety (4 years)
Faculty Senate (3 years)
Committee on Committees (2 years)
Research Advisory Committee (chair 2 years)
Cytometry Core Oversight Committee (chair 3 years)
COM Scientific Core Executive Committee (3 years)
Student Evaluation Committee (Chair, 1 year)

PEER REVIEW ACTIVITIES:

Research Committee, Alabama Heart Assn.(1982 - 1984, 1995 - present).GLAXO Cardiovascular Discovery Grant Program (1988 - 1989)
Consultant to Canadian Heart Assn. as Reviewer (1980 - 1983).
Abstract grader, American Heart Assn. Scientific Sessions: 1980, 1981, 1984, 1985, 1989-2004
Member of NIH Site Visit Teams and Study Sections. (See NIH Consulting below)
Judge for the Upjohn Young Investigator award (ISHR) 1987, 1990, 1991
External examiner for Ph.D. thesis, University of Toronto, 1980.
Abstract grader, American College of Cardiology, 1993

INDUSTRIAL CONSULTANTSHIPS:

Contracted Consultant: Hoffman LaRoche; Dr. Ann Sullivan and Dr. Lawrence Klevans (1984 - 1989)
Contracted Consultant: Burroughs Wellcome: (1985)
Pharmacia-Chiron Partnership: (1988-1990)
GLAXO: Advisory Board, Cardiovascular Discovery Grant Program (1988 - 1990)
Contracted Consultant: Gensia Inc: (1993-1995)
Advisory Board Member, Rhone-Poulenc Rorer AMP579 Project: (1998-2000)
Contracted Consultant: Cognetix (2002-2003)
Contracted Consultant: Guidant Corp. (2005-present)

INVITED PRESENTATIONS: (1993-present)

Sep 2016 Blocking Pyroptosis in the Heart: Invited presentation at Huntington Hospital Research Inst., Pasadena CA
May 2016 Ischemic conditioning and targeting reperfusion injury: invited speaker, Barcelona Spain
Apr 2016 The Preconditioning Conference, invited speaker, Amherst, MA
Jan 2016 8th Biannual Hatter Cardiovascular workshop, invited speaker, Chobe Chilwero Lodge, Botswana
Oct 2015 Int. Conference on Geriatric Med. invited speaker, Tangshan China
Oct 2015 Pflugers Archiv Symposium, Invited Speaker, Busan, South Korea
Aug 2012 7th Biannual Hatter Cardiovascular workshop, invited speaker, Sabi Sabi Bush Lodge, South Africa
Aug 2012 UK/SA Cardiovascular workshop, invited speaker, Cape Town South Africa
Nov 2012 Cardioprotection Colloquium invited speaker, Los Angeles, CA
May 2011 Symposium speaker ISHR American Section meeting, Philadelphia, PA
Sept 2010 Participant NIH New Horizons Cardioprotection Workshop, Bethesda MD
Aug 2010 Symposium speaker AHA's BCVS summer meeting, Palm Springs
July 2010 Invited discussant and speaker Cardioprotection Symposium, Mauritius
May 2010 Symposium speaker ISHR world congress Kyoto, Japan
June 2009 Invited Speaker, The cGMP meeting, Regensburg, Germany
May 2009 Invited Speaker, Heart Protection Symposium, Amman Jordan
March 2009 Invited Speaker, Japanese Cardiology Society Annual Meeting, Osaka
Feb 2009 Symposium Participant, UCLA Cardiology Symposium, Los Angeles

Dec 2008 Invited Speaker, BSCR Workshop, London
Nov 2008 Invited Speaker, Beijing Joint Conference of Physiological Sciences
May 2008 Invited Speaker, ISHR European Section Annual Meeting, Athens
April 2008 Invited Participant, Hatter Cardioprotection Workshop, Lion Sands, South Africa
Nov 2007 Visiting Scientist and Speaker, R.M. Berne CV Res. Center, University of Virginia
Nov 2006 Invited speaker 2nd Annual International Cardiology Congress, Athens, Greece
Oct 2006 Invited speaker North China Coal Medical University, Tang Shan China
June 2006 Symposium organizer & Participant ISHR American Section Meeting, Toronto
April 2006 Invited Speaker Second Conference of Jordanian Medical Schools, Irbid Jordan
Dec 2005 Symposium Participant ISHR Japanese Section Meeting, Osaka
Nov 2005 Invited speaker Sunday program AHA Scientific Sessions, Dallas TX
Sept 2005 Invited Speaker Turkish Congress Pharmacology, Izmir Turkey
May 2005 Symposium Participant ISHR American Section Meeting, New Orleans
April 2005 Program Participant Hatter Workshop, Victoria Falls Zambia
March 2005 Visiting Scientist and Speaker Guidant Corp, St Paul MN
Dec 2004 Invited speaker Hellenic College of Cardiology and Cardiac Surgery, Athens Greece
Nov 2004 Invited speaker Sunday program AHA Scientific Sessions, New Orleans
Aug 2004 Symposium Participant ISHR World Congress, Brisbane
May 2004 Visiting Scientist and Speaker, UCLA, Los Angeles, CA
April 2004 Visiting Scientist and Speaker, CV Therapeutics, Palo Alto, CA
March 2004 Ask the Expert presenter, American College of Cardiology meeting, New Orleans, LA
Jan 2004 Symposium Speaker Athens Exchange of CV Research Ideas, Athens, Greece
Nov 2003 Symposium Speaker ISHR Japanese section, Tokyo, Japan
Nov 2003 Symposium Speaker AHA Scientific Sessions, Orlando, FL
Oct 2003 Visiting Scientist and Speaker, Medical College of Georgia, Augusta, GA
Oct 2003 Visiting Scientist and Speaker, LSU Medical School, New Orleans, LA
Oct 2003 Visiting Scientist and Speaker, New York Medical College, Valhalla, NY
August 2003 Session Chair AHA Basic CV Science Council meeting, Snowbird, UT
July 2003 Invited Speaker ISHR American section meeting, Mystic, CN
June 2003 Session Chair ISHR European section meeting, Strausbourg France
April 2003 Invited Speaker in International Symposium for Cardiac Anesthesia, Morioka Japan
Nov 2002 Session Chair, American Heart association Scientific Sessions, Chicago, IL
Oct 2002 Symposium speaker in International Society for Heart Research, Japanese Section, Yamagata, Japan
Sept 2002 Invited Speaker in Evolving Concepts in Ischemic Injury, Antwerp, Belgium
August 2002 Participant in the 3rd International Hatter Workshop, Clivden, UK
July 2002 Symposium Speaker International Society for Heart Research, American Section, Madison WI
June 2002 Invited Speaker The Failing Heart, Stara Lesna, Slovak Republic
June 2002 Symposium Speaker International Society for Heart Research, European Section, Szeged, Hungary
April 2002 Invited Speaker at the 66th Japanese Circulatory Society Meeting, Sapporo, Japan
April 2002 Invited Speaker at the International Symposium on Ischemic Heart Disease, Bilbao Spain
Nov 2001 Two symposium talks at the American Heart Association Scientific Sessions, Anaheim CA
August 2001 Molecular, Integrative & Clinical Approaches to Myocardial Ischemia, Symposium Presenter, Seattle WA
August 2001 ISHR Australasian section annual meeting, Symposium Presenter, Brisbane Australia
July 2001 ISHR World Congress, Symposium Presenter, Winnipeg Canada
April 2001 Alcohol & Wine in Health and disease, Invited Speaker, Palo Alto Ca

Feb 2001 New York University, Medical Grand Rounds, New York, NY
Nov 2000 National Minority Symposium, Invited Presenter, Washington DC
Nov 2000 Symposium Speaker, American Heart Association Scientific Sessions, New Orleans, LA
Sept 2000 Grand Rounds, Dept of Critical Care Medicine, University of Chicago
August 2000 Invited Symposium Speaker, European Society of Cardiology, Amsterdam
June 2000 Invited Symposium speaker and session chair , ISHR American section meeting, Louisville, KY
June 2000 Invited Speaker. Shock Society Annual Meeting, Snowbird, Utah
April 2000 Japanese Circulatory Society, Symposium Speaker, Osaka, Japan
April 2000 Yamagata University, Departmental of Pharmacology Seminar Speaker, Yamagata City, Japan
April 2000 The Hatter Institute, University College London, Seminar Speaker, London, England
April, 2000 Participant: Hatter Workshop on Myocardial Ischemia, Le Toussrok, Mauritius
Nov 1999 Sunday Symposium Speaker, Circulation Council, American Heart Association Scientific Sessions, Atlanta Georgia
Oct 1999 Invited Speaker: Turkish Pharmacology Soc., Malatya Turkey
Oct 1999 Visiting Scientist: Medical College of Wisconsin, Pharmacology Dept., Milwaukee WI
June 1999 Invited Lecturer British Cardiac Society Workshop on ischemic preconditioning, London UK
April 1999 Grand Rounds. University of Louisville, Louisville KY
June 1998 Symposium speaker, ISHR American Section Meeting, San Diego CA
Dec 1998 Invited Speaker and Session Chair, Japanese Section ISHR meeting, Tokyo, Japan
Nov 1998 Seminar Speaker, Texas Tech University, Physiology Dept., Lubbock, TX
Nov 1998 Plenary Speaker, American Heart Assn, Dallas, TX
Oct 1998 Invited Speaker, Pathophysiology of Stunning, Hibernation & Preconditioning, Taormina, Sicily
August 1998 Invited Speaker CSDS meeting, Gent, Belgium
August 1998 Invited Speaker Tromso Seminar in Medicine, Tromso Norway
June 1998 Seminar Speaker, Physiology Department, Kuwait Medical School, Kuwait City
May 1998 Symposium Speaker, ISHR World Congress, Rhodes, Greece
April 1998 Invited Speaker Preconditioning Workshop, Cape town, South Africa
Feb 1998 Symposium Speaker, AHA Circulation Council Meeting, Lake Tahoe, NV
October 1997 Cardiology Rounds, Cincinnati, OH
November 1997 PKC debate, American Heart Assn Scientific Sessions, Orlando, FL
August 1997 Invited Speaker, European Cardiological Society, Stockholm, Sweden
June 1997 Invited Speaker, Myocardial adaptation, High Tatras, Slovak Republic
April 1997 Session chair, Heat Shock Proteins and Ischemia symposium, Experimental Biology, New Orleans LA
April 1997 Invited speaker, New Approaches to Ischemia-Reperfusion, Buenos Aires, Argentina
March 1997 Keynote speaker, Hypertension 2000, New York NY
December 1996 Invited speaker, Technion, Haifa, Israel
November 1996 Session chair, American Heart Association, New Orleans LA
August 1996 Invited speaker, Alfred Benzon Symposium. Copenhagen, Denmark
August 1996 Session chair, European Society of Cardiology, Birmingham, England
May 1996 Invited speaker, East Tennessee State College of Medicine, Johnson City, TN
April 1996 Invited speaker, North East Ohio College of Medicine, Rootstown, OH
March 1996 Session chair, American College of Cardiology, Orlando FL
Dec 1995 Invited speaker, Adaptive Medicine Meeting, Madras, India
Dec 1995 Invited speaker, 4th Annual Mol Path Symposium, Univ College, London
Nov 1995 Symposium speaker, ISHR Japan section, Osaka, Japan
Nov 1995 Invited speaker, Adenosine Cardioprotection, Long Beach CA

Nov 1995 Plenary speaker, Scientific Session AHA, Anaheim CA
Sept 1995 Invited speaker, Glaxo Pharmaceuticals, Ascot U.K.
July 1995 Symposium speaker, Int. Soc. for Heart Research, Prague
May 1995 Symposium speaker, Int. Soc. for Heart Research, Gulf Shores, AL
April 1995 Symposium speaker, German Cardiac Society, Mannheim, Germany
Jan 1995 Invited speaker, New ischemic syndromes, Cape Town South Africa
Jan 1995 Invited speaker, University of Connecticut, Dept of Surgery
Nov 1994 State of the art lecture, AHA Scientific Sessions, Dallas TX
Sept 1994 Invited lecture, Louisiana State University, Shreveport, LA
Oct 1994 Symposium speaker, Myocardial Ischemia, Nice, France
Oct 1994 Invited Speaker, The Rayne Institute, St Thomas' Hosp, London England
Oct 1994 Invited Speaker, The Hatter Institute, University College, London England
Oct 1994 Invited Speaker, The Brompton Hospital, London England
June 1994 Grand rounds: University of Tromso, Tromso, Norway
June 1994 Invited speaker: Cerebral ischemia and the Heart, Timmendorf, Germany
June 1994 Symposium speaker: ISHR Copenhagen
May 1994 Invited speaker: The Int. Adenosine Meeting, Philadelphia PA
May 1994 Symposium speaker: British Cardiac Society, Torquay, England
May 1994 Invited speaker: Glaxo Pharmaceuticals, Ware, England
April 1994 Symposium speaker: ASPET symposium at Experimental Biology, Anaheim
Jan 1994 William Harvey Lecture Series: London, England
Dec 1993 Pfizer Pharmaceuticals, Groton CT
Dec 1993 Grand rounds: Dept. Cardiology, Univ. California San Francisco CA
Nov 1993 Post-graduate seminar speaker, AHA Scientific Sessions, Atlanta GA
Nov 1993 State of the art lecture, AHA Scientific Sessions, Atlanta GA
Oct 1993 Syntex, Palo Alto, CA
August 1993 Symposium speaker, Int Symp Cardiovasc Pharmacology, Minneapolis
July 1993 Symposium speaker, IUPS Glasgow, Scotland
July 1993 Faculty presenter, New York Academy of Sciences, New York NY
June 1993 Symposium speaker, ISHR, Columbia MO
May 1993 Parke Davis, Ann Arbor, MI
April 1993 Symposium speaker, FASEB New Orleans LA
March 1993 Faculty presenter, Ischemic Heart Disease (E. Merck spons.), Newcastle, UK
March 1993 Medical grand rounds, University College, London UK
Feb 1993 Physiology Dept., Uniformed Services U., Bethesda, MD
Jan 1993 Invited Speaker, First Annual Adenosine Symposium, Tokyo, Japan
Jan 1993 Pharmacology Dept., Yamagata University, Yamagata, Japan

NIH CONSULTING: (1985-present)

May 2012 Reviewer: Board of Scientific Councilors Site Visit
June 2004 Chair: Special Study Section
1998-2000 CVB Study Section: Regular Member
1989-1993 CVB Study Section: Regular Member
February 1989 University of Iowa (SCORE site visit team)
January 1989 Baylor University, Houston (SCORE site visit team)

December 1988 Johns Hopkins (SCORE site visit team)
October 1988 Houston, TX (site visit team, HLBI)
October 1988 Bethesda, Study Section: Clinical Investigator Award, NHLBI. Manpower Review Committee.
May 1988 Univ. Michigan, Ann Arbor, MI (Site visit team, General Medicine)
Feb 1988 Bethesda, Study Section CV B, NHLBI Review Branch.
Jan 1988 Bethesda, Study Section: Clinical Investigator Award, NHLBI; Manpower Review Committee
Dec 1987 in NHLBI Research Review Committee A, ad hoc consultant
Sept 1987 Cardiovascular Res. Inst., San Francisco, CA (Site visit team, NHLBI)
May 1987 Univ. Michigan, Ann Arbor, MI (Site visit team, General Medicine)
Jan 1987 Univ. Missouri, Columbia, MO (Site visit team, NHLBI)
Feb 1986 Bethesda, Study Section CV A, NHLBI Review Branch
Jan 1986 Peter Bent Brigham Hospital, Boston (Site visit team, NHLBI)
Jan 1986 Univ. Missouri, Columbia, MO (Site visit team, NHLBI)
Oct 1985 Bethesda, Study Section CV A, NHLBI Review Branch

COMMUNITY SERVICE:

Program Advisory Committee, American Physiological Society (1985-1988)
Program Executive Committee, American Physiological Society (1989-1991)
Steering Committee, Cardiovascular Section, American Physiological Society (1985-1989)
Nominating committee, Cardiovascular section, Am. Physiological Society (1989-1991)
Governance Council Member, International Society for Heart Research: American section (1988-1997)
Governance Council Member, International Society for Heart Research: International (1995-present)
Program committee, Circulation Council, American Heart Association (1991-1999)
Executive Committee Member at Large, Circulation Council, American Heart Association (1993-1999)
American Heart Association Alabama Affiliate Grant review committee (1995-1997)
Chairman, Melvin Marcus Young Investigator Award review committee, Circulation Council (1996-1998)
Nominating Committee, Circulation Council, American Heart Association, (1996-1999)
Treasurer, International Society for Heart Research: American section (1997-1998)
External Examiner to the physiology teaching program, Kuwait University College of Medicine, Kuwait (1998)
President, International Society for Heart Research: International (2001-2004)
American Heart Association Mobile county board of directors (2001-present)

MEETINGS ORGANIZED:

May 2009 Co-organizer Heart Protection Symposium, Amman, Jordan
Nov 2008 Co-organizer Adenosine, Cardioprotection and its Clinical Application, New Orleans
Nov 2007 Co-organizer Adenosine, Cardioprotection and its Clinical Application, Orlando
Nov 2006 Co-organizer Adenosine, Cardioprotection and its Clinical Application, Chicago
Nov 2005 Co-organizer Adenosine, Cardioprotection and its Clinical Application, Dallas
Nov 2004 Co-organizer Adenosine, Cardioprotection and its Clinical Application, New Orleans
Nov 2003 Co-organizer Adenosine, Cardioprotection and its Clinical Application, Orlando
Nov 2002 Co-organizer Adenosine, Cardioprotection and its Clinical Application, Chicago
Nov 2000 Co-organizer Adenosine, Cardioprotection and its Clinical Application, New Orleans
Nov 1999 Co-organizer Adenosine, Cardioprotection and its Clinical Application, Atlanta
Nov 1998 Co-organizer Adenosine, Cardioprotection and its Clinical Application, Dallas

Nov 1997 Co-organizer,, Adenosine, Cardioprotection and its Clinical Application, Orlando
April 1996 Co-organizer, New Approaches to Ischemia-Reperfusion, Buenos Aires
Nov 1996 Co-organizer, Adenosine, Cardioprotection and its Clinical Application, New Orleans
Nov 1995 Co-organizer, Adenosine, Cardioprotection and its Clinical Application, Long Beach
June 1995 Co-organizer, ISHR annual meeting, American Section, Mobile
Nov 1994 Organizer, Sunday Circulation Council Session at the AHA meeting, Dallas
Nov 1994 Co-organizer, Adenosine Satellite, (AHA meeting) Dallas
May 1992 Co-organizer, Sapporo ISHR satellite, Sapporo Japan
May 1991 ISHR annual meeting organizing committee, Cincinnati
May 1988 FASEB theme co-organizer, Ischemic Heart Disease, Las Vegas
March 1988 Organizer, Free Radicals and Reperfusion Injury, Point Clear, AL
Oct 1987 APS Fall Meeting theme organizer, Membrane Biophysics and Molecular Kinetics in the Cardiovascular System, San Diego
March 1986 Co-organizer, Free Radicals and Reperfusion Injury, Point Clear, AL

STUDENTS TRAINED

PhD Students: as Mentor

David E. Chambers (1983) "Pharmacologic modification of infarct size"
Jon D. Thornton (1993) "Adenosine receptors and Ischemic Preconditioning"
Yongge Liu (1994) "The signal transduction pathway for the anti-infarct effect of ischemic preconditioning in the rabbit and rat heart"
Christopher Baines (1999) "The roles of kinases and ATP-sensitive potassium channels in the mechanism of ischemic preconditioning."
Qining Qin (2005) "Myocardial signal transduction pathways linking muscarinic receptors to the mitochondrial K_{ATP} channel-dependent ROS production in the heart".
Amanda Davis (2006 -2009) no degree

PhD Students: as Committee member

Dale Parks (1982)
Ranjan Roy (1985)
Simon Allo (1989)
W. John Russell (1989)
Bassam Omar (1990)

Post-Doctoral Trainees:

Douglas Munch, Ph.D., 1977-1979
Shigeo Yoshida, M.D., Ph.D., 1982-1984
Satoshi Akazuki, M.D., 1982-1984
Tetsuji Miura, M.D., Ph.D., 1984-1986
Takayuki Matsuki, M.D., 1986-1988

Chiaki Shirato, M.D. 1986-1988
Donna Van Winkle, Ph.D., 1988-1990
Hitoshi Ooiwa, M.D., 1989-1990
Guang Shun Liu, MD, 1989-1999
Akihito Tsuchida, MD, 1991-1993
Mahiko Goto, MD, 1993-1995
Christof Weinbrenner, MD, 1995-1997
Takayuki Miki, MD, 1995-1997
Susan Pain, PhD, 1997-1999
Atsushi Nakano, MD, 1998-2000
Maike Krenz, MD, 1999-2001
Zhelong Xu, PhD, 1999-2001
Olaf Oldenburg, MD, 2000-2003
Thomas Krieg, MD, 2001-2003
Natalia Solenkova, PhD, 2003-2005
Sebastian Philipp, MD, 2003-2005
Lin Cui, MD, 2003-2012
Atsushi Kuno, MD, 2005-2007
YanPing Liu, PhD 2006-2010
Turhan Dost 2007- 2009
Xiulan Yang 2008-2011
Fang Di Hu 2009-2010
