

**COASTAL ENGINEERING:** The Department of Civil, Coastal, & Environmental Engineering at the University of South Alabama (USA) invites applications for a non-tenure track research faculty position at the rank of Assistant Professor with a specialty in Coastal Engineering or Coastal Science. The expected start date is June 15, 2022. Responsibilities will consist of managing one or more funded research projects related to living shorelines, natural and nature-based features, coastal processes, and/or coastal hazards; conducting research and scholarship on relevant topics; preparing and submitting manuscripts for publication; preparing and submitting grant applications for research funding; and other appropriate endeavors related to the performance of research in the candidate's area of expertise. The preferred candidate will have demonstrated experience in managing research projects, conducting independent and collaborative research, publishing scholarly works, writing grants, tracking budgets, and producing reports. Candidates for this position should be comfortable working in the field, particularly around water and on boats. Prior experience conducting fieldwork related to the measurement of coastal processes including, but not limited to, water levels, waves, currents, sediment erosion/deposition, and shoreline change is desired.

Minimum qualifications: Ph.D. in Coastal Engineering, Coastal/Marine Science, or a closely related discipline.

Review of applications will begin immediately and will continue until the position is filled.

Applicants must be eligible to work in the U.S. The University of South Alabama is an EO/AA employer and does not discriminate on the basis of race, color, national origin, sex (including pregnancy, sexual orientation, gender identity and gender expression), religion, age, genetic information, disability, or protected veteran status.

### **Application Process**

Please submit the following via email to [bwebb@southalabama.edu](mailto:bwebb@southalabama.edu) in a single PDF file:

- Curriculum vitae
- Statements of research interests
- Three original letters of recommendation
- Biographical Data Form - [https://www.southalabama.edu/departments/eforms/academicaffairs/biographical\\_data\\_form\\_revised\\_012020.pdf](https://www.southalabama.edu/departments/eforms/academicaffairs/biographical_data_form_revised_012020.pdf)
- Copies of transcripts from all institutions of higher learning from which a degree was received

Candidates who are called for interview on campus will be required to submit originals of the Biographical Data Form, USA Faculty Consent Form, and official transcripts. For the candidate who is offered employment, proof of U.S. Citizenship or other authorization to work in the United States will be required within three (3) days after employment.
